

Access Statement – Dunbar

Your Point of Contact

- For bookings please call 02476 475 426
- For site queries please contact 01368 886 681
- Site Page www.campingandcaravanningclub.co.uk/dunbar

Your Arrival on Site

- Train station and bus stop are 3 miles away in Dunbar
- There are two brown signs off the A1087, one large site sign on entrance
- One keypad operated barrier that is automatic on exit. It's locked between 11pm and 7am
- Overnight parking is available just outside the main site gate in the car park
- The approach road and car park are laid with Tarmac
- The visitors parking doubles as the overnight which is 10m from the main gate
- New arrivals should park in the arrivals area, then proceed to check in at reception
- There is no designated accessible parking area
- There are no handrails outside the reception
- There are no steps or incline
- Potted plants outside reception

Your Check in

- The reception is clearly signed for arrivals
- Opening times are 9am-10:30am then 4-6pm
- There are instructions on the reception door, explaining the procedure for arrivals after 8pm
- Level tarmac road
- Slight lip on the door
- Good clear floor space in reception
- There is a low level section of the reception counter

Your Pitch

- Only one car per pitch at all times
- Three pitches close to the accessible room
- All hard standing pitches are of loose gravel
- Many level hardstanding and grass pitches are close to the site road
- Site is terraced so most pitches get a sea view

Your Facilities

- There is a clear, well maintained path leading to the facilities
- There are no steps or inclines around the facility block
- There is not a semi ambulant cubicle
- All sinks have screw tops
- There are free standing stools in the shower cubicles
- The showers are operated by a push button in men's and ladies and a dial in the family room
- There are no steps into the showers
- There is low level lighting outside the block through out the night
- We also have a family room

Your Accessible Facilities

- There is a flat level concrete slab path leading to the accessible facility
- There are no handrails approaching the accessible facility
- There is flat level access in to the accessible facility
- There are handrails next to the toilet
- There is a regular size flush handle
- There is transfer space to the left of the toilet
- The wash basin cannot be reached from the toilet
- The washbasin has larger than normal lever top taps
- There is a hand dryer located in the room
- There is a low level mirror above the sink that does not extend to full height
- The shower has a number of handrails
- The shower is dial operated
- The shower is open access, not a cubicle
- The shower head is height adjustable
- The floor is nonslip
- There is a hair dryer, but not low level
- There is an emergency chord next to the toilet and in the shower. Both can be reached from the floor
- The emergency alarm can not be heard from the reception or the assistants pitches
- The accessible room can be accessed with a RADAR key

Your Laundry and Food Preparation Areas

- The laundry and food preparation areas both have level access
- The approach path is concrete
- The taps are screw top and lever taps
- The washing machine is front loading and can be reached from the floor
- The tumble dryers are top loading and can not be reached from the floor
- There is a wall mounted iron
- There is a freestanding iron
- There are both indoor and outdoor washing up facilities available
- All washing up sinks have screw top and lever taps
- There is an outdoor drying area with two rota dryers
- There is one low level sink in the indoor dish wash area

Your Recreational Areas

- We do not have a recreational area

Waste, Fire and Evacuation

- The refuse area is located at the top of the site, on a level surface
- General waste bins are waist height and the recycling bins are chest height and 1100L
- There is a fire triangle located at all water points which has unrestricted accessed over grass
- The firefighting equipment is accessed over grass
- The assembly points are located at the children's play area and at the top of the site
- The assembly points are accessed on grass

Miscellaneous Information

- There are speed bump along the main site road
- At night there is low level lighting on the outside of all blocks and the rest of the site is dimly lit by hook-up bollards
- The main reception car par can hold at least eight cars
- The overnight carpark can hold at least six cars
- There are a small number of benches dotted around the site
