## Success Stories

As the UK's leading holiday parks purchasing group, we work with over 3,000 parks who enjoy our savings and benefits.

Don't just take our word for it though, see what our clients have to say below:

“ I'm really grateful to Purchasing for Parks as they helped us install a new meter for our expanded site, when we were struggling to get this done ourselves. They also helped us secure a great new energy contract so saved us time and money so I'd recommend them to any camping or caravanning site. ”

*Lucy Dockling – St. Agnes Caravan Site*

---

“ It's great working with Purchasing for Parks as they're just the best! Recently I was going to make a large purchase at B&Q but I'd lost my discount details. I contacted the team and they sent me a temporary card within minutes and I was able to save over £100. I also asked them to review my energy contract and they saved me £1800 so I'd recommend them to any site as their service is brilliant. ”
