# Campsite nature quest

## Activity one. Sensory discovery challenge.

Engage your senses and explore the natural wonders the campsites have to offer. Using your senses list or draw your discoveries. Hamza challenges you to create a list for every campsite, park, beach or garden you visit. You'll be surprised to see the differences.

### What can you see?

Ideas - Flowers, trees, sunlight patterns, wildlife, shimmering water.

### What can you hear?

Ideas - Rustling leaves, birdsong, flowing water, wildlife sounds, insect hum.

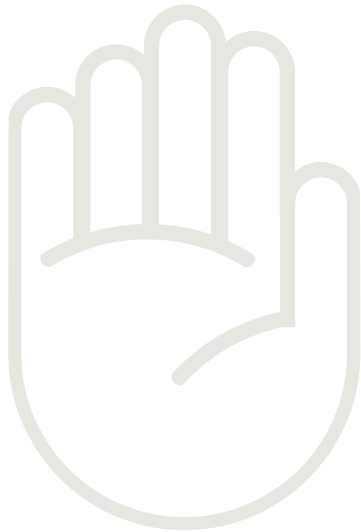

**Activity one.**

**Sensory discovery challenge.** (Continued)

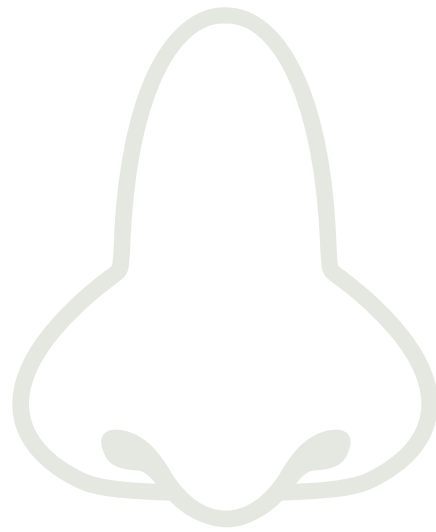

**What can you feel?**

Ideas - Rough tree bark, soft moss, smooth stones, warm sunlight, gentle breeze.

**What can you smell?**

Ideas - Earthy soil, fragrant wildflowers, pine, salty sea air, inviting barbecue.

**What can you taste?**

Ideas - Sweet berries, crisp apple, barbecue vegetables, cool spring water, salty sea breeze.

Spending time in nature is pure magic! From camping under the stars to exploring hidden trails, every moment outdoors is an

adventure worth cherishing. Let's protect and preserve our natural wonders for future generations to enjoy.

I hope you have enjoyed my Campsite Nature Quest, I can't wait to see your pictures and videos. Please share your love of camping and the incredible outdoors using **#hamzasincredibleoutdoors**.
